Ranking Member  
Committee on Appropriations

Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Lebanon Police Department for eighty-five in-car camera systems and twelve multiband radios in fiscal year 2024. This project is titled the Lebanon Police Department Enhanced Safety, Service & Accountability Project.

The entity to receive funding for this project is the Lebanon Police Department Office located at 1017 Sparta Pike, Lebanon, Tennessee 37087. The funding would be used to purchase eighty-five in-car camera systems and twelve multiband radios.

The project is an appropriate use of taxpayer funds because having a wider camera angle, having the officers body camera sync with the dash camera and other officers' cameras on the same system, and having a higher resolution that will permit for the zooming of camera angels or screenshots will present a clearer picture of an event to help improve our criminal justice system. By acquiring multi-band radios for their field supervisors, the Lebanon Police Department will also be able to streamline communications during crisis situations.

The project has a Federal nexus because the funding provided is for purposes authorized in Section 1701(b)(8) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(8)).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

John Rose  
Member of Congress
